Note: Test kits are available to determine 2,4-D concentration in waters treated.

*= Do not use treated water to irrigate the following for 7 days after the treatment: annual nursery or greenhouse crops including hydroponics and newly seeded or transplanted annual crops, newly seeded or transplanted ornamentals, and newly sodded or seeded turf.

*This chart is intended for use only as a guide in providing general information.
Always read and follow the product label instructions, applications, and restrictions.*

**Pesticide sales and use are regulated by various state and federal agencies.
Consult them regarding these regulations and restrictions.**
